Justice Canada Relies on Pinpoint Labsâ?? Harvester for 20 Custodian Country-Wide Collection

Description

Read this case study to learn how The National Litigation Support Group:

- Obtained a tool with a clean interface, simple YouTube instructions, easy navigation to effectively assist clients not well-versed in performing defensible data collections
- Used Harvesterâ??s portability and licensing features to mail pre-loaded USB drives to time and legwork
- Performed essential keyword, denisting and file- type extension filtering to reduce large data set sizes
