

Pinpoint Labs Provides Idahoâ??s Largest Healthcare System with Essential eDiscovery Tool

Description

MURRAY, NEBRASKA (PRWEB) MAY 13, 2016

St. Lukeâ??s Healthcare System continues to be a leader in advanced technology and sustains a credible repertoire by maintaining values of integrity, compassion, accountability, respect and excellence. (ICARE)

For one particular project, Robin, St. Lukeâ??s IT Cyber Security Analyst, needed to collect email files for 18 custodians. By utilizing Pinpoint Labsâ?? Harvester and itsâ?? state-of-the-art filtering tools, the data set was reduced by 97% with only 5.23 gigabytes of data remaining, significantly saving the client a great deal of resources as a result.

This case study describes how Robin obtained Harvester, how it was utilized and the extreme benefits St. Lukeâ??s received as a result.
