

# SEAMLESS DATA COLLECTION ACROSS PLATFORMS

## SECURE, COMPLIANT, AND MOBILE

CrossCopy Enterprise is built to support corporations, law firms, and government agencies in tackling complex data investigations and eDiscovery challenges. This powerful solution streamlines data collection from custodians across devices and locations, ensuring efficiency, compliance, and precise control. Whether managing high-stakes investigations or meeting strict regulatory requirements, CrossCopy Enterprise safeguards data integrity while delivering secure and reliable results.

## WHY CHOOSE CROSSCOPY ENTERPRISE?

CrossCopy Enterprise offers a seamless solution for data collection across platforms, including Windows, macOS, and Linux as well as Android and iOS devices. Its fully web-based design eliminates the need for installations, streamlining workflows and ensuring efficiency. Whether your focus is desktop or mobile, CrossCopy Enterprise delivers the flexibility to meet your needs.

# SCALABLE PRECISION FOR EVERY DATA COLLECTION NEED

CrossCopy Enterprise is built to handle data collection projects of any size, from small teams to enterprise-level operations. Its web-based architecture eliminates the need for complex setups, allowing you to onboard custodians, send collection requests, and track progress with just a few clicks. Designed for maximum adaptability, it fits seamlessly into existing workflows while maintaining consistent performance across diverse environments.

Every aspect of CrossCopy Enterprise is engineered for accuracy and reliability. From targeted data collection to comprehensive hash verification, the platform ensures the integrity of your evidence at every step. With robust reporting and real-time visibility, you can trust CrossCopy to deliver the results you need for defensible eDiscovery and data investigations.

## NO BOUNDARIES

Collect data from devices and cloud platforms like OneDrive, Google Drive, Dropbox, and Box.

## SECURE & COMPLIANT

Embrace GDPR compliance and data security with CrossCopy Enterprise, ensuring your data is handled with the utmost integrity.

## SIMPLIFIED PROJECT MANAGEMENT

Simplify workflows with features to manage custodians, send collection requests, and track progress in real time.

## SEAMLESS MOBILE COLLECTIONS

Optional mobile collections allow you to securely and precisely gather targeted data from Android and iOS devices, ensuring flexibility, privacy, and accessibility for custodians anywhere.

# TAKE CONTROL OF YOUR DATA COLLECTIONS

CrossCopy Enterprise puts the power of efficient and secure data collection at your fingertips. With seamless compatibility across Windows, macOS, Linux, Android, and iOS, it provides a flexible solution tailored to meet the demands of modern workflows. Whether managing data from desktops, mobile devices, or cloud platforms, CrossCopy Enterprise ensures precision, reliability, and peace of mind.
