

# REMOTE, SECURE, AND DEFENSIBLE MOBILE DATA SOLUTIONS

## SMART DATA ACQUISITION WITHOUT THE HASSLE

Pinpoint Labs makes gathering mobile data fast, secure, and defensible. Designed for legal teams, corporations, and government agencies, our solution works remotely without disrupting busy executives or requiring physical access to devices. With flexible storage options and built-in chain-of-custody tracking, we simplify workflows while keeping compliance top of mind.

### TARGETED REMOTE ACCESS

Collect only what you need without handling devices.

### FLEXIBLE STORAGE OPTIONS

Save data directly to SFTP, AWS, or Azure.

### EXECUTIVE-FRIENDLY WORKFLOW

Non-intrusive and built for ease of use.

### DEFENSIBLE & COMPLIANT

Automatic chain-of-custody reporting for audits.

### WHY CHOOSE CROSSCOPY ENTERPRISE?

CrossCopy Enterprise offers a seamless solution for data collection across platforms, including Windows, macOS, and Linux. Its fully web-based design eliminates the need for installations, streamlining workflows and ensuring efficiency. For organizations needing mobile capabilities, an optional add-on supports data collection from Android and iOS devices, providing targeted solutions for custodians on the move. Whether your focus is desktop or mobile, CrossCopy Enterprise delivers the flexibility to meet your needs.
